Louis-Roy Langevin

Oxford, UK
louis-roy.langevin@sjc.ox.ac.uk · louisroylangevin.github.io

Education

2026–Present **University of Oxford** | *DPhil in Computer Science* | ***Fully funded**, EPSRC scholarship*
Supervisor: Prof. Paul Goldberg
Research Interests: Algorithmic Game Theory, Fair Division, Combinatorial Optimization, Computational Complexity, Probability, Machine Learning.

2024–2026 **McGill University** | *M.Sc. in Mathematics and Statistics (Thesis)*
Supervisor: Prof. Adrian Vetta

2021–2024 **McGill University** | *B.Sc. Honours Mathematics and Computer Science*
Graduated with **First Class Honours and Distinction**
CGPA: 3.91 / 4.0

Selected Publications

2026 ***Random Serial Dictatorship is $\sqrt{2}$-Envy-Free*** – **Exemplary Paper Award**
with F. Connor, M. Dupré la Tour, V. Narayan, N. Ndiaye, N. Rahman, & A. Vetta
In the 27th ACM Conference on Economics and Computation (EC), 2026.

2025 ***The Popular Dimension of Matchings***
with F. Connor, N. Ndiaye, A. Totschnig, R. Vasishta, & A. Vetta
In the 21st International Conference on Web and Internet Economics (WINE 2025), LNCS, vol. 16266, pp. 341–357. Springer, 2026.

2024 ***Optimal Root Recovery for Uniform Attachment Trees and d-regular Growing Trees***
with L. Addario-Berry, C. Fontaine, R. Khanfir, & S. Têtu
Annals of Applied Probability, accepted for publication.

2026 ***On the Control of Mobile Ad-Hoc Agent Deployments in Partially Observed Space***
with E. Meriaux, S. Wen, N. Ndiaye, G. Dudek & A. Loría
To appear in the Proceedings of ALGOWIN, 2026.

2026 ***Robotic Arm Rotation: Standing Up Is Harder Than You Think***
with N. Bousquet, F. Connor, R. El Sabeh, A. Mouawad, N. Nishimura, & A. Totschnig
In the 20th Scandinavian Symposium on Algorithm Theory (SWAT), 2026.

2025 ***Optimally Revealing Bits for Rejection Sampling***
with A. Waese-Perlman
MIT Undergraduate Research Technology Conference, 2025.

Research Internships

2024 **Root Recovery on Random Recursive Trees**
Worked under Prof. Louigi Addario-Berry on root-detection algorithms.

2023 **Burning Number Conjecture on Graphs**
Worked under Prof. Sergey Norin on cops and robbers and graph burning bounds.

2022 **Subelliptic Operators & Legendre Functions**
Studied linear combinations of Legendre functions (McGill / Dalhousie).

Professional Experience

2025–2026 **Mathematics Expert at *Meta Platforms, Inc.***
Collaborated with a team of mathematicians to analyze advanced mathematical research and design challenging problems to improve LLM mathematical reasoning capabilities.

2024–2025 **Mathematics Specialist at *Scale AI, Inc.***
Independently analyzed advanced mathematical problems and developed challenging tasks to evaluate and improve LLM mathematical reasoning capabilities.

Teaching & Mentoring

Fall 2025 **Substitute Lecturer** | McGill University
Delivered graduate-level lectures on algorithms and complexity theory (MATH553).

Teaching Assistant | McGill University

Fall 2025 – Algorithmic Game Theory

Winter 2025 – Calculus 2

Fall 2024 – Calculus 1

Course Assistant | McGill University

Winter 2023 – Discrete Mathematics

Fall 2022 – Honours Analysis 1

Winter 2025 **Research Mentor** | McGill Directed Reading Program
Supervised two undergraduate students during one semester for game theory research.

2024/25/26 **Summer Camp Instructor** | McGill Programming Summer Camp
Taught algorithms and data structures to high school and college students.

2022-2025 **Founder & Educator** | *Cégepien* Online Platform
Created an online math preparation program with over 50 participants.
Produced educational videos with 17,000+ followers (@le_cegepien).

Service & Leadership

2025 **Conference Paper Reviewer** | Symposium on Theoretical Aspects of Computer Science (STACS 2026).

2025 **Conference Co-Organizer**, 27th Institut des Sciences Mathématiques Graduate Student Colloquium.

Invited Talks & Conferences:

2026 – National University of Singapore (NUS), Invited Research Seminar.

2025 – MIT Undergraduate Research Technology Conference (MIT URTC 2025).

2025 – Institut des Sciences Mathématiques Graduate Student Colloquium.

2025 – Seminars in Undergraduate Mathematics in Montreal (SUMM 2025).

2024 **Hackathon Judge**, McGill Code.jam().

Scholarships & Grants

2024–2026 **Graduate Excellence Award** | McGill University.

2025–2026 **Kenneth Eade Fellowship** | McGill University, awarded based on academic merit.

2025 **Lin Graduate Award** | McGill University.

2023/24 **Undergraduate Student Research Award** | Natural Sciences and Engineering Research Council of Canada.

2022/24 **Undergraduate Research Scholarship** | Institut des Sciences Mathématiques.

Honours & Awards

2024 **Third place at ICPC North America Northeast (NENA)** | McGill University.

2024 **Team Canada Representative, International Physics Tournament** | ETH Zürich.

2023 **W.L. Putnam Competition** — Top 600 in North America.

2023 **Hackathon Second Prize** — McGill Code.jam().

2020 **Canadian Open Mathematics Challenge** — 3rd nationally.

2019 **Association Mathématique du Québec Contest** — 1st nationally.
